CIVICA CES INTEGRATION GUIDE

September 2020
© Wonde Pty Ltd

One of the applications used by your school would like to connect directly to Civica Education Suite (CES) through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration with Wonde setup, we just need a few details below from within CES so we can finalise it for you:

1. **Your Host URL** - This would be the domain for your Civica CES system and could be something like https://school-sif.civica.education

2. **Session Token** - Random combination of letters and numbers

3. **Shared Secret** - Random combination of letters and numbers

4. **School Key** - If you do not know this then we can get your ID from the integration. This will be a combination of letters and numbers separated by hyphens.

Please submit the above details to https://forms.gle/1ipt5qaNRuYtcYbj8 and a member of the Wonde team will add these to our system and confirm once the connection is live.
