Integration Guide

Bromcom MIS Integration Guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Bromcom. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

Integrating Wonde with Bromcom:

1. Login to Bromcom (*They must have System User & Third Party access*)

2. In the search bar (*top right*), type in '**System Users**'
3. Check if there is an account for Wonde there already. If not, press '**New**'
4. Press '**Create New User**' and add in the details below:

- First Name: Wonde
- Last Name: User
- Enter a username eg. Wondeuser
- Enter a SECURE password

Important: Deselect '**User must change password at next login**'. Select '**Third Party**' and '**Third Party - AttWritebacks**'. Click '**Save**'

5. In the search bar (*top right*), type in '**Third Party**', choose '**Third Party Access - Permission and Logs**'

6. Find the Wonde user you created, then click '**Manage Permissions**' > '**Select All**' > '**Save**' (See below for list of permissions)

7. Please enter the username and password from **step 4** including your Bromcom ID and URL in our [Google form](#).
Alternatively you can send it to us via secure methods. If you have any issue please contact Wonde at support@wonde.com or give us a call on 1800 064 506.

8. The Wonde team will then complete the process and confirm the connection is working successfully.

Bromcom Permissions

The below permissions will cover all applications that use Wonde for integration:

AttendanceMarkSubcodes
