

Civica CES

Integration Guide

One of the applications used by your school would like to connect directly to Civica Education Suite (CES) through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration with Wonde setup, you will need to raise a support ticket by following the steps below:

Integration Wonde with Civica CES:

1. You will need to login to the [CES support page](#) or contact your account manager and raise a request to "Authorise Wonde to access your schools data". If you are unsure of this, let us know and we can prompt Civica for you.
2. Civica will then create the credentials for the connection and securely forward these on to Wonde.
3. The Wonde team will then complete the process and confirm the connection is working successfully.

If you have any questions, contact our support team by calling 1800 064 506 (Australia), 04 488 1558 (New Zealand), or email ausintegrations@wonde.com.
