DayMap

Integration Guide

wonde

One of the applications used by your school connects directly to Daymap through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration setup with Wonde, the following steps need to be completed.

Integrating Wonde with DayMap

1. To set up the Wonde integration at your school you will need to be running DayMap version 10.5 or above. If you are not, please email support@daymap.net and ask to be upgraded.

2. If you are on DayMap Version 10.5 or above then you will need to email the below request.

To: support@daymap.net
Subject: Wonde integration setup
Email Body:

Hi DayMap Support,

Could we please be supplied with the standard Wonde API set up credentials as per below.

API Key:
API Password:
Admin API Address:

Can these details please be shared directly with Wonde via the below Google Form.
