Integration Guide

## Syncing Edval classes to Wonde

Please note: This will require you to be on at least Edval version 10.8.8. If you are on a previous version of Edval, please update from the Settings > Updates screen.

This guide covers the steps syncing only Edval LISS to Wonde. If you are attempting to sync Edval to Wonde in conjunction with another system (Synergetic, SAS2000) or you are a NSW Government School, please reach out to <u>ausintegrations@wonde.com</u>

It is recommended you make a backup copy of your timetable file (.etz file) before performing the sync.
