

Edval 10 Sync Integration Guide

December 2023

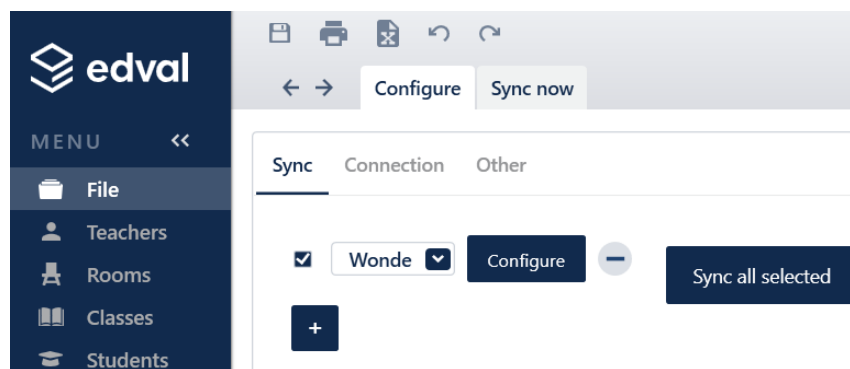

Syncing Edval classes to Wonde

Configuring Edval 10

Please note: This will require you to be on at least version of Edval version 10. We also recommend you make a backup copy of your timetable file (.etz file) before performing the sync.

If you are on a previous version of Edval, please update from the **Settings > Updates** screen.

1. Go to File > Synchronise > Configure.
2. Click the plus and select "Wonde" from the dropdown.

3. Go to the 'Connection' sub-tab. Input the below details:

- **URL:** https://inbound-au.wonde.com/import/liss
- **Username:** Wonde to supply
- **Password:** Wonde to supply
- **School Code:** Wonde to supply

The screenshot shows the edval web interface. On the left is a dark blue sidebar menu with the edval logo and a 'MENU' header. The menu items are: File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. The main content area is light gray and has a breadcrumb trail: Sync > Connection > Other. The 'Connection' tab is active. It contains the following fields:

URL	https://inbound-au.wonde.com/import/liss
Username	WONDE TO SUPPLY
Password	WONDE TO SUPPLY
School code	WONDE TO SUPPLY
Proxy	<input type="checkbox"/> Provide proxy credentials

At the bottom of the form is a dark blue button labeled 'Test connection'.

Syncing in Edval 10

Advanced Sync

To perform a Advanced sync:

1. Go to File > Synchronise > Sync Now
2. Ensure “Wonde” is selected from the dropdown in the top-right corner
3. Go to the ‘Advanced’ sub-tab
4. Select the following Publish options:
 - a. Publish Classes
 - b. Publish Class lists
 - c. Publish Timetable
 - d. Publish Rooms
 - e. Publish Students
 - f. Publish Teachers
5. Check the rotation is correct
6. Click ‘Go!’ to start the sync
7. Once the sync has completed please run it a second time for Wonde to match students and teachers to their respective classes

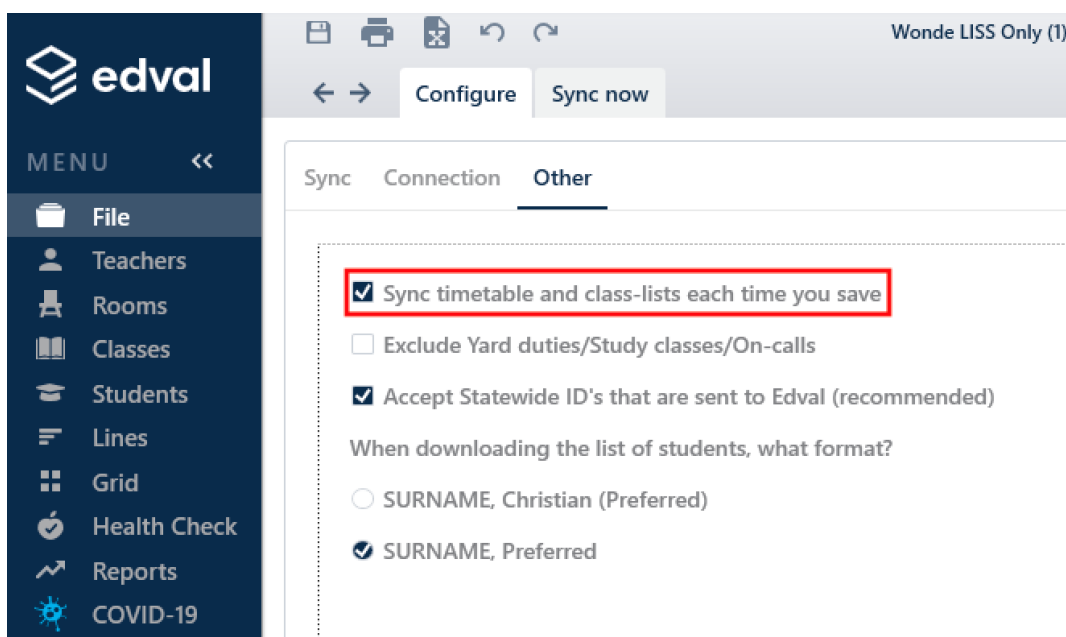

The screenshot shows the Edval software interface for configuring an advanced sync. On the left is a dark blue sidebar with the 'edval' logo and a 'MENU' section containing icons for File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. Below the menu is an 'ADMIN' section with icons for Setup, Settings, and Help. The main content area has a top navigation bar with 'Configure' and 'Sync now' tabs. A warning message states: 'This sync can make changes to your data. Performing this sync will clear your undo history.' Below this, there are two tabs: 'Basic' and 'Advanced'. The 'Advanced' tab is active and contains two columns of options. The left column, titled 'Wonde server --> Edval', includes 'Download Rooms', 'Download Students' (with a sub-option 'Create new years (if new in downloaded students)'), and 'Download Teachers'. The right column, titled 'Edval --> Wonde server', includes 'Publish Classes', 'Publish Class lists', 'Publish Timetable', 'Publish Bell times', 'Publish Rooms', 'Publish Students', and 'Publish Teachers'. At the bottom of the configuration area, there is an 'As at date' field set to '5/02/2019', a 'Create support log file' checkbox, and an 'Edval Rotation(s)' dropdown menu set to 'Rot 1'. A prominent 'Go!' button is located at the bottom left of the configuration area.

Troubleshooting

If you are having issues. Please check the “Create support log file” option and provide the debug.txt (located in the same folder as your .etz file) to Wonde.

Setting up the Edval Sync to Run Automatically:

1. Ensure that the Wonde Sync is selected from the dropdown and Go to *File > Synchronise > Configure > Other*
2. Enable the checkbox option ‘**Sync timetable and class-lists each time you save**’ as pictured below;

3. With this option enabled Edval will perform a sync to Wonde whenever changes are saved, removing the need to manually run the sync

Please notify Wonde's Integrations team at support@wonde.com for us to test that the sync has been successful & confirm for you that the connection is good to go.
