

# Edval 10 Sync

Integration guide

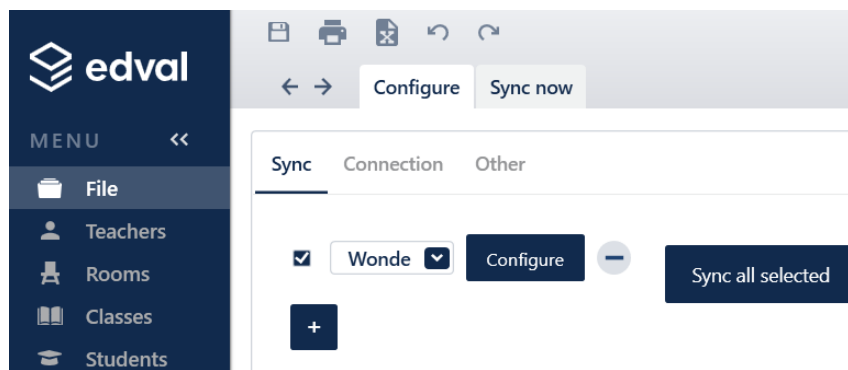

# Syncing Edval classes to Wonde

## Configuring Edval 10

Please note: This will require you to be on at least version of Edval version 10. We also recommend you make a backup copy of your timetable file (.etz file) before performing the sync.

If you are on a previous version of Edval, please update from the **Settings > Updates** screen.

1. Go to File > Synchronise > Configure.
2. Click the plus and select "Wonde" from the dropdown.

3. Go to the 'Connection' sub-tab. Input the below details:

- **URL:** <https://inbound-au.wonde.com/import/liss>
- **Username:** Wonde to supply
- **Password:** Wonde to supply
- **School Code:** Wonde to supply

The screenshot shows the 'edval' web application interface. On the left is a dark blue sidebar menu with the 'edval' logo at the top. The menu items are: File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. The main content area has a light gray header with navigation buttons: '< >', 'Configure', and 'Sync now'. Below the header, there are three tabs: 'Sync', 'Connection' (which is selected), and 'Other'. The 'Connection' tab contains several input fields: 'URL' with the value 'https://inbound-au.wonde.com/import/liss', 'Username' with 'WONDE TO SUPPLY', 'Password' with 'WONDE TO SUPPLY', and 'School code' with 'WONDE TO SUPPLY'. There is also a 'Proxy' section with a checkbox labeled 'Provide proxy credentials' which is currently unchecked. At the bottom of the form is a dark blue button labeled 'Test connection'.

# Syncing in Edval 10

## Basic Sync

Basic sync is used for general syncing. An Basic sync will:

- Publish Students
- Publish Teachers
- Publish Classes
- Publish Class Lists (memberships)

To perform an Basic sync:

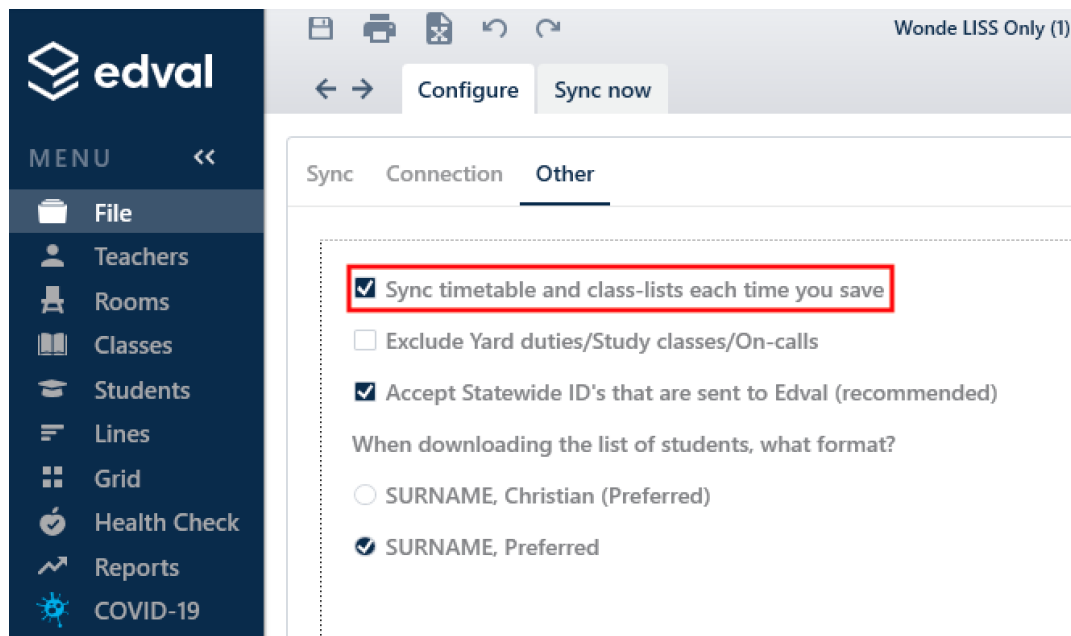

1. Go to File > Synchronise > Sync Now
2. Ensure "Wonde" is selected from the dropdown in the top-right corner
3. Go to the 'Basic' sub-tab
4. Select the dates you wish to synchronise your data in/from
5. Check the rotation is correct
6. Click 'Go!' to start the sync
7. Once the sync has completed please run it a second time for Wonde to match students and teachers to their respective classes

Please check the "Create support log file" option and provide the debug.txt (located in the same folder as your .etz file) to Wonde if you are having issues.

The screenshot shows the Edval 10 web interface. On the left is a dark blue sidebar with a 'MENU' and 'ADMIN' section. The 'MENU' includes File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. The 'ADMIN' section includes Setup, Settings, and Help. The main content area has tabs for 'Configure' and 'Sync now', with 'Sync now' being active. Below these tabs is a warning message: 'This sync can make changes to your data. Performing this sync will clear your undo history.' The 'Basic' tab is selected, showing a description of the sync process, a URL for the Wonde import, a date range selector (5/02/2019 to 19/02/2019), a checked checkbox for 'Create support log file', and a dropdown for 'Edval Rotation(s)' set to 'Rot 1'. At the bottom are 'Help' and 'Go!' buttons.

## Setting up the Edval Sync to Run Automatically:

1. Ensure that the Wonde Sync is selected from the dropdown and Go to *File > Synchronise > Configure > Other*
2. Enable the checkbox option '**Sync timetable and class-lists each time you save**' as pictured below;

3. With this option enabled Edval will perform a sync to Wonde whenever changes are made, removing the need to manually run the sync

Please notify Wonde's Integrations team at [ausintegrations@wonde.com](mailto:ausintegrations@wonde.com) for us to test that the sync has been successful & confirm for you that the connection is good to go.
