Integration Guide

One of the applications used by your school connects directly to FACTS through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration setup with Wonde, the following steps need to be completed.

Please note: whilst Wonde doesn't charge schools to connect, depending on which application you are integrating with, FACTS may charge a setup fee.

### **Integrating Wonde with FACTS:**

1. To set up the connection between the approved application and your FACTS system, your school will need to email [fsm-support@factsmgt.com.au](mailto:fsm-support@factsmgt.com.au) with a request to "Authorise Wonde to access school data".
2. FACTS will create the credentials for the connection and securely forward these on to Wonde.
3. The Wonde team will then complete the process and confirm the connection is working successfully.
