

Hero

Integration Guide

One of the applications used by your school connects directly to Hero through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration setup with Wonde, the following steps need to be completed.

Integrating Wonde with Hero:

1. To authorise Hero to provide Wonde with the API keys needed to connect to your school, you will need to contact the Hero support team via the **'Contact Us'** button at the bottom of your Hero software.
2. The support team will confirm with your school what information will be shared/available via the API, and will require confirmation from the school principal to proceed.
3. Once confirmed, Hero will provide Wonde with API keys to establish the connection.
4. The Wonde team will then complete the setup and confirm the connection is working successfully.

If you have any questions, contact our support team by calling 1800 064 506 (Australia), 04 488 1558 (New Zealand), or email ausintegrations@wonde.com.
