Integration Guide

Pupil Asset integration guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Pupil Asset. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

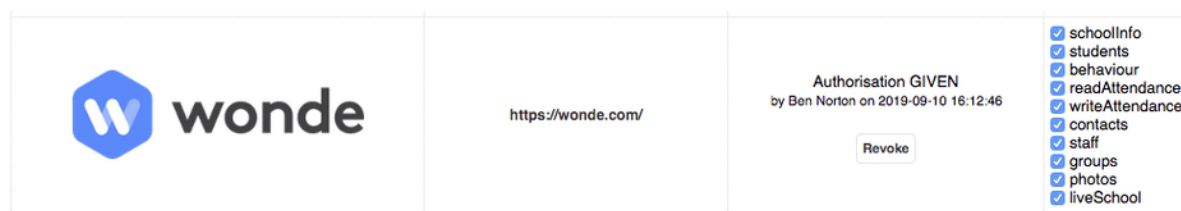

1. Log into Pupil Asset as an **'Administrator'**
2. Navigate to **Admin > Export > External API Integration**

The screenshot shows the Pupil Asset web interface. The top navigation bar is red with the 'pupilasset' logo and 'ASSET Primary' dropdown. Below it is a dark grey navigation bar with links: Home, Pupils, Results, Analysis, Messaging, Office, Admin, Website, Help. A secondary bar contains: School Options, Staff, Import, Export, Advanced, Access Control. The 'Export' section is active, showing a sidebar with 'Export Wizard', 'CTF format', and 'CSV format'. The main content area is titled 'Taking data from Pupil Asset' and includes instructions for connecting external providers. A table lists providers with columns for Provider, Website, and Actions/Notes.

Provider	Website	Actions/Notes
 wonde	https://wonde.com/	<div>Authorise</div> <ul style="list-style-type: none"><input checked="" type="checkbox"/> schoolInfo<input checked="" type="checkbox"/> students<input checked="" type="checkbox"/> behaviour<input checked="" type="checkbox"/> readAttendance<input checked="" type="checkbox"/> writeAttendance<input checked="" type="checkbox"/> contacts<input checked="" type="checkbox"/> staff<input checked="" type="checkbox"/> groups<input checked="" type="checkbox"/> photos<input checked="" type="checkbox"/> liveSchool

3. Find 'Wonde' on the list of providers and click 'Authorise'

4. Once authorised, this will now allow the school to approve the sub-groups of access for Wonde.

Important Info: These will default to selected and we would advise that you leave them ticked so this works with all applications.

Note: If you wish, you are able to deselect the options that you do not need but please ensure that **schoolInfo** and **liveSchool** must be ticked as we will always need this. Press F5 on this page, in order to ensure that the authorisation has been successfully submitted.

5. Please either email **School Name**, **SchoolRef** (This is located at the top right corner of the authorisation page and is normally alphanumeric e.g. A1234) and **Pupil Asset Domain** in a securely protected file of your choosing to support@wonde.com or call **1800 064 506** to speak with a member of the Wonde team who will be able to assist you with this or any other aspect of the integration process.
6. The Wonde team will then complete the process and confirm the connection is working successfully.
