Pupil Asset integration guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Pupil Asset. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

1. Log into Pupil Asset as an administrator.
2. Navigate to Admin > Export > External API Integration.

Taking data from Pupil Asset

Below is a list of companies that currently have the capacity to pull data directly from Pupil Asset. This list will instructions to connect:

- **STEP 1:** Click on the **authorise** button to allow the relevant company to have access to your data
- **STEP 2:** Make contact with the company asking them to connect with Pupil Asset, using schoolRef **A1**
- **STEP 3:** Select the data the company can access
- If you no longer wish to be connected with that company, you can revoke access using the revoke button.

Provider	Website	Actions/Notes
----------	---------	---------------

3. Find Wonde in the list of providers and click 'Authorise'.
