# Teacher Centre MIS integration guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Teacher Centre. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

## Integrating Wonde with Teacher Centre:

1. To set up the connection between the approved application and your MIS your school will need to email [servicedesk@cerenet.org.uk](mailto:servicedesk@cerenet.org.uk) with a request to "Authorise Wonde to access school data".
2. Teacher Centre will create the credentials for the connection and forward these on to Wonde.
3. The Wonde team will then complete the process and confirm the connection is working successfully.

If you have any questions, contact our support team by calling 01638 438094 or email [support@wonde.com](mailto:support@wonde.com).
