

Veracross Integration Guide

Veracross Integration Guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Veracross. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

1. Login to the Veracross Partner Portal

2. Beginning from the **Identity & Access Management** homepage, find "Wonde" and click the "Start Integration".

Please note: the version required to complete the integration is Version 3.

3. On the next screen, you will see "Display Info", "Internal Details" and "App Credentials" section.

- Click on the "Scopes" heading to the left of the screen.

The screenshot shows the 'DEMO-CLIENT' interface for configuring an OAuth application named 'Wonde'. The page is divided into several sections:

- Header:** Includes a search bar, 'Main' tab, and an 'UPDATE' button. A user profile 'jessica.wallis@veracross.com (as sss.sandbox)' is visible in the top right.
- Left Sidebar:** Contains links for 'ALL', 'General', 'Scopes', and 'Login History'.
- GENERAL Section:**
 - Display Info:** 'PARTNER' is set to 'Wonde'.
 - Internal Details:** 'NAME' is 'Wonde', 'CONTACT EMAIL' is 'support@wonde.com', and there is a text area for 'INTERNAL NOTES'.
 - App Credentials:** 'CLIENT ID' is masked with a black box, and 'CLIENT SECRET' is also masked.
 - Other:** 'CUSTOMER DATA API AGR.' is set to 'https://www.veracross.com'.
- Records Table:** A table with columns 'Redirect URI' and 'Authorization URL'. It currently shows 'No Results'.
- Footer:** A status bar indicates '0 records'.

- On the "Available OAuth Scopes" headings to select from, please ensure that the following scopes are selected and once done to press "Update" to update these scopes:
