Veracross Integration Guide

Veracross Integration Guide

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Veracross. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

1. Login to the Veracross Partner Portal

2. Beginning from the **Identity & Access Management** homepage, find "Wonde" and click the "Start Integration".

Please note: the version required to complete the integration is Version 3.

3. On the next screen, you will see "Display Info", "Internal Details" and "App Credentials" section.

	List Courses	-	List Class Attendance	-								
	Read Course		Read Class Attendance									
	Update Course		Update Class Attendance									
	Read Household		Create Master Attendance									

7. Once the above steps have been completed, please fill out the <u>Google form</u> with the Client ID, Client Secret, School Route, School Name and contact details.

If you have any questions, contact our support team by calling 1800 064 506 (Australia), 04 488 1558 (New Zealand), or email support@wonde.com.

8. The Wonde team will then complete the process and confirm the connection is working successfully.
