

WCBS Hub

Integration Guide

A third-party application used by your school uses Wonde to access school data from a number of MIS providers such as WCBS Hub. As your school is yet to have the integration setup for Wonde, the following steps need to be completed.

Integrating Wonde with WCBS Hub:

1. To set the connection up between the approved application and your MIS, email support@wcbs.co.uk stating that you give permission to share your school's data with Wonde for the purpose of syncing with the application.
2. WCBS Hub will create the credentials for the connection and send them back to your email.
3. Please securely share the below details provided by WCBS to Wonde by filling out this [Google form](#).
 - School name
 - Contact details
 - WCBS Hub Client id
 - WCBS Hub Client Secret
 - WCBS Hub URL
 - WCBS Hub Realm

Alternatively you can send it to us via secure methods. If you have any issue please contact Wonde at support@wonde.com or give us a call on 1800 064 506.

4. The Wonde team will then complete the process and confirm the connection is working successfully.
